

# Ice-Breaker: Setting Goals

## OVERVIEW & PURPOSE

Setting goals is an important part of the process. We want to get measurable results, so this is a way of solidifying that.

## OBJECTIVES

1. Get to know each other
2. Set goals

## MATERIALS NEEDED

1. Blank piece of paper
2. Pencil/Pen

## ACTIVITY

*Fold the piece of paper so that you have six squares (first in half, then in thirds).*

*Number the squares from top left, to bottom right → 1-6.*

For each numbered square, write or draw the following:

1. Interesting fact about yourself
2. Programming / Data Science experience
3. Favorite Beverage
4. Personal goal you hope to achieve in 1 months time
5. Professional goal you hope to achieve in 1 months time
6. What you hope to get out of this class, what you hope to do with what you'll learn.
